## What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trumps put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist

Nothing is so desired by a woman as a beautiful complexion. This can only be obtained by the application of Appel's Complexion Cream. This preparation does not cover blemishes but cures them. It is perfectly harmless and can be used on the tenderest skin. For sale by Mrs. L. M. Siddons sole agent for Carson. 50c and \$1.00

In a recent article in the Youth's Companion, on "How to cure a cold," the writer advises a hot lemonade to be taken at bed time. It is a dangerous treatment, especially during the severe cold weather of the winter months, as it opens the pores of the skin and leaves the system in such condition that another and much more severe cold is almost certain to be contracted. Many years constant use and the experience of thousands of person of all ages, has fully demonstrated that there is nothing better for a severe cold than Chamberlain's Cough Remedy. It acts in perfect harmony with nature, relieves the lungs, liquefies the tough tenacious mucus, making it easier to expectorate, and restores the system to a strong and healthy condition. Fifty cent bottles for sale by G. C. Thaxter.

## Cough! and Cough!! and Cough!!!

What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.

## How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

K. C. Eldridge the agent for the Singer Sewing Machine has also secured the agency for several leading makes, McEwen, Antisell Newby and Evans, and several others, which he will sell on reasonable installment. For further particulars or inspection apply at his agency next to the Ormsby House.

Dr. E. G. Winnie can be found at his Dental Parlors on Telegraph St. next door west of Carson.

## A Sleek Fraud.

Commenting on the report of the suit brought by a swindled Chicago man against Whalen, of Eureka, the Enterprise unearths more of his rascality and denounces him as a sleek, humble, pious man, full of hypocrisy and religion.

We have always noticed that religion and mining don't seem to mix well together, and when you see a very religious mining man you want to watch him very carefully to see that he isn't salt a claim on you or put up some swindling job that will deplete your pocket.

Such men as Whalen ought, if half the allegations against him be true, be housed in the Penitentiary. They give legitimate mining a black eye and destroy the reputation of the State abroad.

## That Phonograph Ball.

## \$15 in His Inside Pocket.

Senator Noteware won \$15 in the last Louisiana Lottery drawing.

## IS HE A CANDIDATE?

FRANK NEWLANDS SAYS HE IS NOT ASPIRING SENATORIAL HONORS.

But Attaches a Good String to his Assertions.

The following is an interview published in the Examiner and telegraphed from Washington:

"Are you a candidate for Senatorship of Nevada on the Republican ticket in opposition to Senator Jones?"

"I am not. The considerations which brought me to Nevada were the business interests of the estate of which I am trustee. I had given up my interest in California. I found that in order to transact the business of the estate, it was necessary for me to reside on the Pacific Coast. So I located in Nevada, where the estate has large interests, mainly speculative in their character and requiring more attention than our interests in California. Being there, I have identified myself with public questions affecting the development and prosperity of the State. My aim is to perfect plans for enterprise and for promotion or irrigation and immigration which will aid in the material development of Nevada, and to unite in the movement with the men who have made large fortunes in Nevada and have hitherto invested them elsewhere.

## NEVADA'S INTEREST.

"From a purely business point of view, this is wise policy, for the estate has large interests there which will be benefited by the general development. And, besides, it owes some duty to the community from which so large a portion of its fortune is derived. So, while I have taken an interest I have done nothing with a view to my supposed candidacy. I have formed no plans, perfected no organization, enlisted no friends or supporters for any political office.

"Thus far it is my present position," said Mr. Newlands, "but," he added, "I do not propose to tie up my future by unnecessary declarations. I speak of present views only," which was a reservation Mr. Jones will no doubt appreciate.

"Do you expect that the population of Nevada will increase?"

"Yes. I see no reason why Nevada should not within a few years have a population as large as Utah, which has 225,000 people. Much attention is being paid to irrigation in Nevada. It has an abundance of rich lands, and the waters of the Truckee, Walker, Carson, Humboldt, and other rivers can be applied with little expense and develop great productiveness. For a long time the people waited, expecting that the Federal Government would store the waters in their mountains by some comprehensive system of reservoirs, but they have now concluded to rely upon themselves, and upon the Truckee, particularly, active measures are being taken to store water in the Sierra Nevada. The example of this locality will be followed in others. The State pride of the people is being roused and will have a beneficial effect. The reclamation of silver will re-open many neglected mines, but even without the mines, Nevada can reach a high state of development."

## The Cronin Jurors.

CHICAGO, Dec. 18.—A lively scene is reported to have taken place at the State Attorney's office this morning. Ex-Juror Culver called on the State's Attorney to have an amicable talk over the criticisms that have been poured on him since the return of the verdict in the Cronin case. There was plenty of talk but it was not amicable. Judge Longnecker "roasted" Culver until he was done to a turn and then turned him out. Longnecker refuses to say just what language passed between them. Juror Bryan followed upon the heels of Culver and was closeted with the State's Attorney for a long time. It was whispered that he was going over the entire case from the day he was selected to the finding of the verdict. He says that Culver was not assaulted. He said the first ballot on the guilt or innocence of the defendants stood half for conviction and half for acquittal. The second ballot, leaving Beggs out, was eleven to one, and then ballots were taken on the other defendants until it was seen that one man was asking for the acquittal of all. The verdict was not reached until the thirty-first ballot. Bryan could not be coaxed into saying who the man was who hung the jury.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best success. For sale by G. C.
